CHRISTIAN RESOURCE GUIDE

Stories and resources for children, young people
and those who walk alongside them.

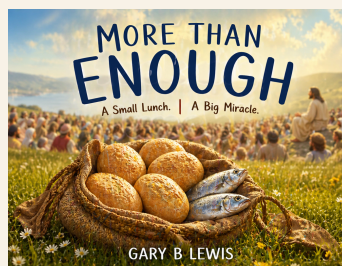

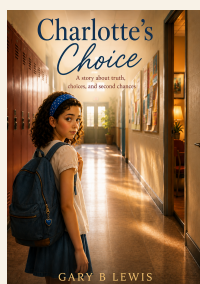

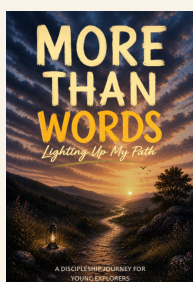

CHRISTIAN SCHOOLS • CHAPLAINS • CHURCHES • HOMESCHOOL FAMILIES

A story is an invitation to step through a door - into another person's world, another experience, another way of seeing. Sometimes, in stepping into someone else's story, we begin to see our own differently.

GABLE'S BOOKS offers intentionally Christian, story-based resources that invite children and young people to explore value, identity, belonging, honesty, choices, anger, forgiveness, confidence, prayer, faith and hope.

Drawing on almost 50 years of experience across primary education, children's ministry and school chaplaincy, Gary Lewis writes to create conversations - not merely to fill bookshelves.

Many of his stories are inspired by real people, real events and the kinds of challenges children and young people face in everyday life.

Hidden Gems of Truth ... to illuminate your mind & enrich your soul.

Picture Stories Open Conversations

Have you ever considered that picture stories aren't just for little children? Through story and powerful images, they can engage children, tweens - and sometimes adults - inviting them to see, think, wonder and respond.

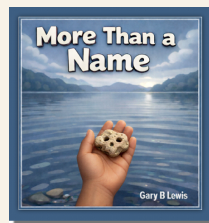

Many GABLE'S BOOKS stories have their beginnings in real events and real-life encounters.
